MJC Lifelong Learning & Workforce Development Monthly Newsletter

### Community Lifelong Learning Welcomes Miriam Medina

Miriam Medina currently serves as a Program Specialist for Workforce Development at Modesto Junior College. She has been employed for the YCCD District working at both MJC and Columbia College for over 20 years. In her current position, Miriam works closely with students in the Pharmacy Technician Program, Certified Phlebotomy Technician (CPT1) Program, GED as well as students in the Stanislaus County Office of Education Child Development Degree, Parent to Teacher and other Cohort Programs. Miriam enjoys working with students to ensure they succeed. To that end she is there for them to lend support, encouragement and resources to help them succeed with their educational or vocational goals.

While not at work Miriam enjoys working in her garden and walking her dog. Miriam received her BA in Sociology with an Emphasis in Social Work from Brandon University. Miriam's natural tendency to be nurturing in her garden and with the students she serves certainly makes her an excellent fit in her role as Program Specialist for Workforce Development. It is vital for our students to be encouraged, supported and nurtured to ensure that they not only succeed, but thrive in their future endeavors.

### Certified Phlebotomy Technician CPT1 Training Program

Modesto Junior College Workforce Development is pleased to announce the Certified Phlebotomy Technician CPT1 Training Program will begin in March 2021. Twenty students will complete the program in approximately three to four months which will include sixty hours of classroom instruction and forty hours of externship: practical instruction in a clinical setting. The program tuition is funded by the California Adult Education Program (CAEP).

## We Are Looking For a Few Amazing People!

MJC Community Lifelong Learning is currently looking for fresh ideas to interest our community as well as teachers and presenters to teach exciting and educational kids classes and informative and enjoyable adult classes using Zoom or Canvas.

If you are a subject matter expert with excellent presentation skills go to [mjc4life.org](http://mjc4life.org) and click on the teaching tab under the Browse menu to learn more about the opportunity to become part of the Community Lifelong Learning team.

## Why Contract Education?

*Needs assessment in contract education is a process designed to identify challenges or opportunities in business and to assess whether training (or some other service) will help organizations and their employees achieve success.*

Why Give Your Employees Skills Enhancement?

- It improves your efficiency, production, and possibly safety
- Improves the morale of your workers – makes them feel valued
- Gives you a better Return on investment

What are your Training options?

- A. No Training for your employees
- B. Packaged Training Programs
- C. College Enrollment in general courses
- D. Customized Skills training

What are the Disadvantages?

- A. No Training for your employees – no improvement in skills
- B. Packaged training Programs – often expensive, large classes, no individualized attention or customization to your needs, very little retention of skills
  - Business Reports, Writing, Etiquette
  - Building Trust and Transparency
  - Change Management
  - Communication Skills – Listening, Speaking, Difficult Conversations, Public Speaking
  - Conflict Management – Workplace Negativity, Attitudes, Preventing Bullying
  - Customer Service
  - Leadership – 7 Habits of Highly Effective People, Frontline Leadership, Basic and Advanced Leadership
  - Project Management
  - Supervisory Skills
  - Skills to Increase Productivity (adaptability, resilience, collaboration, Empathy, Analysis/Solution Mindset, etc.) ...and more!!!!
